Project: EECS 481 Software Engineering – Homework 2
Name: Jackson Jessup - jessupjn
Due: January 25, 2014

README.md

This is an App that I am creating. We already have an iOS and an Android version and I have begun work on a Windows Phone side. I am displaying it as proof that I have my environment set up and have begun looking into the building of apps for Windows and Windows Phone.

pic1.png –
A picture of my screen with “hello Jack” visible.

pic2.png –
A picture of my screen after the “cancel ride” button is pressed.
The font size is toggled between size 12 and 18.
The other buttons take you to other views.
